UR Cricket Club
Purpose: The UR Cricket Club, serving the University of Richmond, is committed to providing an opportunity for students to learn about the game of cricket and develop as cricket players. The organization accomplishes its mission by providing opportunities to learn about the sport and its rules and to practice and play the game of Cricket.

Student Contact: Imran Mohammed Choudhury
Faculty Advisor: Dr. Rick Mayes, Political Science

Knight Games
Purpose: Knight Games, serving the University of Richmond, is committed to learning and playing a variety of games. The organization accomplishes its mission by meeting weekly to play various card, board, or electronic games and by organizing campus-wide events such as Games Night in the Pier to get others outside the organization to participate as well.

Student Contact: Kimberly Beatty
Faculty Advisor: Dr. Pete Leviness, Counseling & Psychological Services

University of Richmond Chapter of the American Medical Student Association (URAMSA)
Purpose: The URAMSA is committed to providing support for premedical students through education of the medical school application and selection processes; information about internship, volunteer, and shadowing opportunities; and information about current medical issues facing the community. The goals of the organization are to raise money for and provide information on various health awareness campaigns. To accomplish these goals, speakers on health care policy and other health care related issues will give presentations to URAMSA members. A yearly premedical volunteer day will be planned focusing on clinics and other health organizations that need assistance. In addition, medical school admissions representatives will be encouraged to visit campus, and URAMSA will organize a yearly premedical internship and research fair to allow student/faculty networking.

Student Contact: Matt Summers
Faculty Advisor: Dr. John Vaughan, Pre-Health Education
