ADAC met once during the 2006-7 academic year (on September 12, 2006). Committee members in attendance were: Kristen Ball, Lewis Barnett, Kathrin Bower, Mary Churchill, Aida Dean, Dan Fabian, Kristine Henderson, Marilyn Hesser, Sandra Kirkland, Juliette Landphair, Peter LeViness, Walt Stevenson, Terry Weisenberger, Teresa Williams, Teresa Cross served as the recorder.

We reviewed the charge to the committee, relevant disability policies at UR, and the most commonly granted academic disability accommodations at UR.

Dr. Churchill gave an update on two disability cases decided by the committee last year.

We reviewed the current guidelines being used for students who are granted a course substitution in place of their foreign language requirement.

Dr. Churchill presented four current disability cases for which she was seeking the committee’s input. The committee discussed each and made appropriate recommendations. Members agreed that if any further action is needed on any of the cases presented, this can be done via email whenever possible.
